TABLE GRACE

Vision

We bring the
grace of God
to people
in practical and
simple ways

We reach out to our
church family
and to the wider
community of which
we are a part

Grace expressed

Our activities continue to evolve...

First there was ...

A home cooked meal

The first grace-filled task we were inspired to undertake was to provide an impromptu free and fresh meal delivered to the doorstep of someone that we're told could do with some encouragement, and nourishment to go with it!

And then ...

Welcome hampers

In support of the Beach House at Encounter Waters, Victor Harbor we're providing a welcome hamper to each family that uses this new facility. The **Beach House** is a purpose-built respite facility for children with life-limiting illness and complex medical needs.

Together with their families and carers these children will enjoy time in the Beach House to relax and create happy memories.

The Beach House is a project of the **Women's and Children's Hospital Foundation**, and is being actively and generously supported by many local businesses and organisations in Victor Harbor and surrounds.

And we're planning ...

Morning teas

The latest initiative being worked on is the heart-felt provision of 'thank-you' platters to staff who serve in our schools, hospital, police, and ambulance services, and so on.

We believe that these people could benefit from this simple gift to thank and encourage them for the wonderful work they carry out for the benefit of our community.

With the help of some volunteers we might be able to provide these morning teas to the various agencies on an annual basis.
