Art From The Heart

We welcome anyone with an interest in "hands on" painting. We will be using an assortment of mediums. Come join us to learn, share knowledge and experience, experiment, play, have fun, meet like-minded people. We will paint, watch tutorials, and have occasional guest speakers...sounds enticing? Contact us now. New members welcome

Birdwatching:Fleurieu's Beach - Nesting Birds

The same course will run twice during 2024. Selected dates coincide with the birds normal breeding season.

Course includes five indoor sessions and, at least two, field trips. Times, dates and location of field trips will be advised to U3A and members during the course.

Presenters include guest speakers, and field trips will be supported by local Birdlife Australia volunteers and equipment.

Join us to explore the lives of birds who live, nest and raise their chicks on our local beaches, especially Hooded Plovers. Have fun learning while you participate in activities, presentations, discussions and birdwatching. All are welcome.

Fishing

A group for novice and experienced fisher people to share knowledge, skills and reliable up to date fishing results. As a new group exactly what we will do will depend on who joins, however, I definitely want everyone to get something out of each meeting. I am a beach fisher and I catch bungum/beach worms, so hoping to both contribute and learn. Boaties are welcome of course! Definitely not too structured, so plenty of time to socialise and have fun while also picking up a few good tips. New members welcome.

00064-01 2024 **Fri** wk3

Garden Appreciation Group

We are likeminded people who share a love of gardening, gardens and plant information. We visit private home gardens, community gardens, nurseries (talks and advice) and large gardens attached to homesteads. At our last meeting for the year, we discuss and plan where we would like to go each month for the following year. Full but please ask

NB it is essential that each member has an email address for mutual communication – necessary for when venues may change at short notice.

Revisiting Mathematics

An opportunity to revisit upper high school mathematics and possibly more. The content will be determined by those participating but could include the following:
Review of all junior High School algebra, graphing and geometry

Functions-graphical and algebraic properties

Trigonometry-applications and functions

Probability

Calculus

We could look at not just solving problems but also understanding the proofs of all the relationships. If there is interest we could also look at the history of some of these areas of mathematics.

Speechcraft

This course provides a safe and encouraging environment for learning how to speak more effectively. Each session offers you techniques and skills you can then practice in the privacy of your own home. Our motto is "Moving Forward with Confidence". It's about making an impact when you speak. New members welcome, please call the coordinator prior to starting.

Third Monday Book Group

We read a variety of books and share our reviews with the group. We enjoy listening to everyone's opinions, and it makes for an interesting discussion. Afterwards we meet for coffee and a chat in the Library Café. Our group has a few vacancies for 2023. There is to be a maximum of 10 members. New members welcome.

Classes: 18/3 15/4 20/5 17/6 15/7 19/8 16/9 21/10 18/11 16/12

Unmuddle Maths

Very friendly active group looking at various mathematical skills that help in problem and puzzle solving. This will involve ratios, algebra, properties of geometrical shapes and basic geometry. We will be doing puzzles throughout the semester. We will also look at trigonometry - what it is and how useful it is. No mathematical knowledge is assumed; everything will be taught starting from wherever members are at present. New members welcome.
